LOST HER DIAMONDS.

One Woman Who is Now Prepared to Go Upon the Stage.

Monday afternoon a \$500 theft was committed in Flagstaff. The proprietress of a house of shady morality reported to Sheriff Cameron that \$25 in greenbacks, \$22.50 silver, a gold thimble and her diamonds, which she values at a few hundred dollars, had been stolen from her boudoir.

An elderly woman of respectable appearance had called there in search of a washwoman and suspicion immediately fell upon her. A hasty search revealed no trace of her footprints, so the sheriff boarded the westbound train. He overtook the old lady at Kingman. Sheriff Rosenburgh, of Mohave county, searched her pockets, but as those mysterious underground passages revealed no trace of the missing property, she was allowed to continue her journey to California.

Meanwhile, another strange, new woman in town, who came here from Albuquerque, was arrested. She called at the house, ostensibly in search of work, and the proprietress of the place thinks the missing diamonds may have somehow found their way into this woman's pockets. She is held pending further investigation.

KILLED A BEAR.

But That Was Only an Incident of Sheriff Cameron's Trip.

Sheriff Ralph Cameron and his valuable deputy, Fletcher Fairchild, received a warm welcome upon their return from a long trip last week. Deputy Sheriff Buggelynn accompanied them, and the trip traveled over 1,000 miles on horseback, penetrating the farthest corner of the county and invading even the wilds of Utah and Nevada. Cedar City, Utah, was the terminus of the journey. Along the route, about 350 miles from Flagstaff, at a point called Short Creek, they ran across "Buck" Razor, who has been wanted for a long time on the charge of illegally branding cattle. He was brought in and released on bail.

Many deer were slain on the trip and the sheriff brought down a big bear in the Buckskin mountains. The bear was a foolish interloper. Two deer carcasses had been hung up to dry and Mr. Bear came up for supper. He only got one snuff, for a shot caught him in the jugular and he keeled over dead.

The officers did an enormous amount of assessing while they were away, and many people who had never before paid their assessments are now credited with the proper amounts on the rolls.

A Bargain.

Next Thursday Will Be the Nation's Jubilee—Flagstaff's Big Celebration—Base Ball, Bicycle Races, Great Glove Contest, Steer Tying, Burro Races, Firemen's Ball, Oratory, Etc., Etc.

Next Thursday will be the nation's jubilee and Flagstaff will be in the swim from start to finish. There will be a three days' celebration and the fun will commence early in the evening of the third, when a star event is announced to occur at Babbitt's hall. It will be no less than a glove contest between "Kid" Dovey, the champion bantam weight of Arizona and New Mexico, and "Spot" Roberts, a well-known local light light weight. It will be a fifteen round contest for points, and the winner takes the door receipts and a \$100 purse. Both men are admirable specimens of physical grace, when in their gladiatorial clothes, and superior representatives of the manly art. An interesting contest is anticipated. Preliminary to the event of the evening there will be three four-round bouts between unknowns. The best musical talent in the city has been engaged to play for the occasion. The great American eagle will flap his broad wings and scream his loudest upon the Fourth. The base ball match between Winslow and Williams will be one of the attractions of the day. Flagstaff has won a hard fought game from each of these teams, and the victorious club of Thursday will have an opportunity to redeem itself by defeating Flagstaff the next day (Friday). Each club will have its best team in the field, and the police will keep the crowd out of the diamond.

Lovers of the Terpsichorean art may gaily trip the tra-la-lee at Babbitt's hall upon the night of the glorious Fourth, when a great ball will be given in aid of the fire department. Charles Canall, J. W. Sparling and C. H. Coble, the program committee, are working indefatigably for the success of the ball, as are all the members of the various committees. The Fort Wingate military band will play for the dancers, and the music will be no small factor of the entire celebration. It will be extremely hard work to keep up with the procession of events on the Fourth. You may paste the following program in your hat for reference. It was furnished by E. S. Clark, who is being aided by George Welch, keeper of the grounds and general utility man.
